What Is

School Expense Financial Aid?

This financial aid is provided to financially struggling families to help cover costs associated with attending school, such as school supplies, graduation trips, school meals, and more.

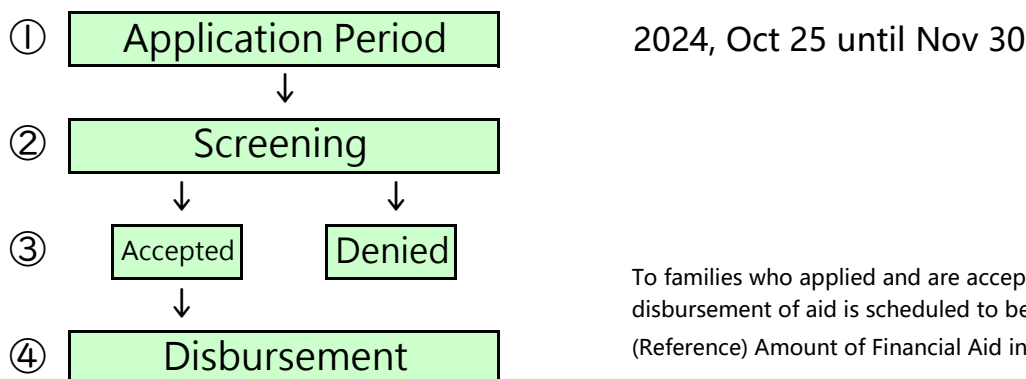

As a general rule, applications for this financial aid are accepted after the entrance ceremony in April and are provided around the summer. However, to cover the costs of essential school items for incoming 1st graders, the application period is moved up to February. This adjustment allows children from financially struggling families to prepare for their first day of school.
