Notice Regarding the Application Form for the Cash Benefits Program for Households Exempt from Fiscal 2024 Resident Tax

Please be notified that a cash handout of 30,000 yen is set to be provided to households exempt from fiscal year 2024 resident tax under the Japanese government's economic policy. An additional 20,000 yen per child will be added to the cash benefit for eligible households with children aged under 18 years.

Having received this notice means that your house may qualify for the cash benefit payment. Therefore, your household is now required to confirm whether your household is eligible for the cash benefit payment, and if eligible, please complete the application form (C2), and submit it along with other requirements, such as a photocopy of proof of your bank account, and so on by May 30 (Fri), 2025. If your address as of January 1, 2024 was outside Hikone City, you are required to submit your fiscal 2024 tax certificate.

If we do not receive your household's submission by the deadline, your household will be automatically considered to have withdrawn from the One-off Cash Benefits Program. To avoid this, ensure that you submit the form and other required documents well in advance of the deadline.

Benefit Payment Schedule: It takes more or less a month after your submission is approved.
